Dedication

This program has been created as a means of recognizing, certifying and validating the knowledge and skill set of accounts payable specialists, managers and departments. For too long their contributions went unnoticed and unrewarded. That has changed. The importance of accounts payable is highlighted by the requirements of the Sarbanes-Oxley Act, rapid changes in technology, transformation in purchasing, vendor requirements, and AP's newfound potential to provide value-added service. Senior management awareness is growing. Accounts payable requires a tremendous breadth of knowledge to perform effectively. This program is dedicated to the many that provide outstanding accounts payable service to their organizations.

The Accounts Payable Certification Programs

TABLE OF CONTENTS

SECTION 1. INTERNAL CONTROLS	13
1.1 Internal Controls	15
COSO Framework.....	16
Risk Management.....	17
Types of Internal Controls.....	17
1.2 Policy Manual	19
Accounts Payable Policy Manual.....	20
